Study Island Algebra 2

	Due
Complex Numbers	should be complete
Factor and Solve Polynomial Equations	4/16/2016
Interpret Expressions	5/2/2016
Geometric Series	5/7/2016
Polynomial Expressions	4/15/2016
Zeros of Polynomials	4/19/2016
Binomial Theorem	4/13/2016
Simplify Rational Expressions	4/20/2016
Rational Expressions	should be completed
Solve Rational and Radical Equations	4/24/2016
Solve Equations by Graphing	4/14/2016
Solve Equations Using Tables	4/15/2016
Solve Equations Using Successive Approximation	4/29/2016
Graphs of Polynomial Functions	4/21/2016
Unit Circle	5/4/2016
Pythagoream Identity	5/6/2016
Create Equations and Inequalities	4/28/2016
Solve Equations and Inequalities	4/25/2016
Create Systems of Equations and Inequalities	4/18/2016
Rewrite Equations	4/17/2016
Graphs of Trigonimetric Functions	5/5/2016
Interpret Functions in Context	4/26/2016
Selecting Function Type from Context	4/27/2016
Properties of Functions	4/23/2016
Funtion Transormations	4/22/2016
Inverse Functions	4/12/2016
Solve Exponential Models with Logarithms	should be completed
Normal Distribution	5/3/2016
Sampling and Experiment	4/30/2016
Probability and Decision Making	5/1/2016
